PROFESSIONAL SUMMARY

Aspiring Business & IT professional with a technical Bachelor's in Information Systems (Cum laude) and an MSc in Digital Business and Innovation at Vrije Universiteit Amsterdam. Hands-on experience translating business needs into technical solutions through internships, product development, and over a dozen wins in business and IT competitions. Experienced with high-level stakeholder management from leading 100-member scholarship awardee organization under Central Bank of Indonesia. Currently passionate and learning actively about applied Artificial Intelligence.

EDUCATION

Master of Digital Business and Innovation Vrije Universiteit Amsterdam, The Netherlands

Sep 2025 – Aug 2026 (Expected)

- Awarded 3rd Best Project at Deloitte x VU Burning Business Quest 2025: built a data-driven digital business innovation.
- Working on real client cases: process mining for Heineken and AI-based innovation for MarketResponse.
- Relevant coursework: Artificial Intelligence, Digital Transformation & Business Process Management, Management of Digital Innovation, Working & Organizing in the Digital Age, Ethics in a Digital World.

Bachelor of Information Systems Telkom University, Bandung, Indonesia

Sep 2021 – Jan 2025

- GPA 3.84/4.00 — Cum laude. Most Outstanding Graduate School of Industrial Engineering 2025.
- Technical coursework: Algorithms & Programming (Python), Software Engineering, Database Management (SQL, MySQL), System Analysis & Design (UML, BPMN), ERP Systems (SAP), IT Governance, Cybersecurity Fundamentals, Network Principles.

WORK EXPERIENCE

Business Process Management Intern PT. Len Industri (Persero), Bandung, Indonesia

Jun 2024 – Aug 2024

- Mapped end-to-end business processes using BPMN across multiple subsidiaries, capturing as-is workflows through cross-departmental stakeholder interviews.
- Authored 5+ standardized SOPs translating fragmented business practices into structured operational guidelines, adopted across multiple subsidiaries.
- Delivered company-wide process workshops, increasing organizational understanding of standardized workflows and SOP adoption.

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

Chairman GenBI Telkom University — Central Bank of Indonesia Scholarship Organization

Sep 2024 – Jul 2025

- Led a 100-member organisation in partnership with the Central Bank of Indonesia, managing the cross-institutional relationship within a regulated financial environment.
- Coordinated 44 work programs across monetary education, social impact, and entrepreneurship, balancing competing stakeholder priorities and reporting cycles.
- Implemented a data-driven KPI framework for member engagement, achieving 96% participation across all programs in one year.
- Delivered strategic reports and presentations to senior stakeholders at Telkom University and the Central Bank of Indonesia, supporting decision-making and program evaluation.

SELECTED ACHIEVEMENTS

- Best Presentation — Bandung Datathon 2023:** Conducted exploratory data analysis and built data visualizations in Python (Pandas, Matplotlib) to surface actionable insights from real datasets.
- Top 15 Nationally — TSM ED x BCA Digital Business Case 2022:** Designed a digital finance product and go-to-market plan for Bank Central Asia, the largest privately-owned bank in Indonesia.
- 2nd Winner — ERP Mini Contest 2023:** Translated procurement and financial process challenges into system requirements and SAP configuration, aligning business needs with IT implementation.

- **1st Winner — Business Case MenangLomba 2024:** Structured an ambiguous business problem for an education platform through market analysis, quantitative modelling, and executive-level recommendations.
- **Best No Code Hacks at GarudaHacks 4.0 2023:** Developed rapid, no code solution addressing sustainability challenges given by stakeholders under 36 Hours.
